Crossing the Capital Connecting the UK

invitation

Crossrail will become a major benefit to those who live and/or work in London and the South East when it opens in 2013.

Our first step to deliver this much needed scheme is to apply for a Bill in Parliament later in 2004 to authorise the works. In doing so we want to ensure the best possible scheme for London and therefore welcome your views.

We would like to invite you to come and find out about the project locally and London-wide at one of our Public Information Centres. They are being held at local venues along the proposed route of the railway.

If you can't make it, or want more information try:
